ANTI-FRAUD INQUIRY

SUMMARY

In line with the Anti-Fraud Policy, to manage and mitigate all levels of risk, ERS has implemented a monitoring strategy based on three lines of defence: prevention (training, assessment of Third Parties, internal rules and procedures), detection (whistle-blowing system, internal and accounting controls) and remediation (implementation of corrective measures and disciplinary sanctions) in the event of non-compliance. Within this framework, this Anti-Fraud Inquiry is part of the first line of defense: prevention.
